Subject: Principal Threat Waste Response

Kristine – Please find attached the LWG’s responses to EPA’s FS memoranda (by CDM dated April 10, 2014 and June 6, 2014) regarding the identification and evaluation of Principal Threat Waste (PTW) at Site. This response is provided to facilitate resolution of outstanding issues as part of the non-binding information exchange process for the revised FS. We would be happy to discuss this at the next FS technical session or at your earliest convenience.

Please let me know if you have any questions about the memorandum.

Thanks.

Carl
